
Supervision

Supervision Committee

The Supervision Committee was established on December 10, 1998, which independently conducts supervision function and reports to the plenary session of NSFC Council on its work.

The mission of the Supervision Committee is to guarantee the implementation of the principles for evaluation, safeguard the fairness and scientific value of the funding system and the rights and interests of the scientists, and promote scientific integrity and ethics for the healthy development of science funding.

The Supervision Committee is composed of scientists and administrative experts engaged with the National Natural Science Foundation of China. A standing committee is formed within the Supervision Committee. It has a chairman, two vice chairmen and sixteen committee members.
