At the invitation of Dr. C. C Boesz, Inspector General (IG) of the National Science Foundation (NSF) in

the US, the NSFC inspection delegation, headed by its Vice President Prof. Li Zhuqi, Vice President of NSFC, paid a work visit to the US from December 2 to Dec. 9, 2002.

During the 8-day visit, the main itinerary of the delegation consists of a seminar with senior officials from the Office of Inspector General, NSF, a meeting with NSF's Deputy Director, Dr. Joseph Bordogna and staff from the International Office and a meeting with IG of NASA. In addition, the delegation also held a symposium with overseas Chinese scholars in the New Jersey Institute of Science and Technology on Dec. 3, and attended the conference held by the Chinese Association for Science and Technology, USA on Dec. 6, during which Prof. Li Zhuqi briefly intro-

duced NSFC and its funding policy towards overseas Chinese.
